Institute and Academy
of Multimedia, Slovenia

Professional Experience

UX / UI Designer

Vitrifi (Remote) • 2023 – 2025

Led the redesign and unification of multiple product interfaces using a shared component library.

Collaborated across development, project management, and product ownership teams to define and implement UX improvements.

Aligned design consistency across the company's platforms and enhanced usability through systemized UI patterns.

Graphic Designer & Web Developer

Big Bang (Ljubljana, Slovenia) • 2011 – 2013

Designed multichannel campaigns for one of Slovenia's leading electronics retailers.

Helped integrate digital and print marketing with consistent branding and messaging.

Contributed to key seasonal campaigns and in-house marketing projects.

Freelance Web Designer & Developer

Various agencies: RS Klan, AGP-Pro, Acenta • 2005 – 2008

Designed and developed custom websites for small businesses and organizations during studies.

Built strong foundations in HTML/CSS and early JavaScript development.

UX / UI Designer & Developer

Nektan / Markortech (London / Remote) • 2013 – 2023

Designed and developed B2B/B2C interfaces in the gaming and fintech sectors.

Acted as a bridge between design and engineering, contributing to a scalable design system.

Collaborated with marketing, sales, and product teams to optimize user journeys and increase customer engagement.

Continued in the role post-acquisition by Markortech in 2021.

Designer & Web Developer

Creatim RP (Šenčur, Slovenia) • 2008 – 2011

Delivered front-end and visual design work for national clients in e-commerce and banking.

Participated in agile development cycles and co-created customer-facing platforms.
